

Supreme Court of Florida

No. AOSC07-63

IN RE: ELECTRONIC FILING COMMITTEE

ADMINISTRATIVE ORDER

The purpose of the Electronic Filing Committee is to assist the Supreme Court and the Office of the State Courts Administrator by evaluating proposed plans submitted by clerks of courts, pursuant to Rule 2.525, Florida Rules of Judicial Administration, to implement the electronic filing of documents as well as subsequent documentation submitted prior to the discontinuation of follow-up filings. In addition, the Committee is responsible for reviewing any proposal for the use of electronic/digital or facsimile signatures by judges.

The term of the Committee is extended until November 30, 2009. Over the next two years the Committee shall:

1. Review the proposed processes to ensure compliance with established standards and compatibility with other courts of this State, and to ensure that attorneys, self-represented litigants, and members of the public do not have to purchase multiple software programs in order to

file documents electronically from county to county and from court to court.

2. Review the control processes and procedures being proposed to ensure adequate integrity, security, confidentiality, and auditability of business transactions conducted using electronic commerce; and to ensure compliance with specific directives established by the Supreme Court in April 2007.¹ These include: (a) prohibition of any “data mining” activities by system vendors; (b) prohibition of the release or distribution of court data by vendors; (c) no assessment of fees other than those that are statutorily mandated; (d) daily backups of all electronically submitted data must be conducted; (e) remote data backups must be stored in a protected environment 50 miles or more from the primary production location; (f) approval of any respective system does not constitute approval of any forms involved; and (g) the proposed system will be made compliant with future technological requirements as they are mandated.
3. Review whether the proposal will provide adequate public access to electronically-filed documents and ensure adherence to the privacy

¹ See Administrative Orders No. AOSC07-18, AOSC07-19, AOSC07-20, AOSC07-21, AOSC07-22, AOSC07-23, and AOSC07-24 (Fla. April 23, 2007)

requirements as outlined in In re: Revised Interim Policy on Electronic Release of Court Records, No. AOSC07-49 (Fla. Sept. 7, 2007), and any subsequent applicable orders of this Court.

4. Review any other issues relating to the implementation of electronic filing systems that the Florida Courts Technology Commission or the Committee deem appropriate.
5. Accept input from the chief judge of the circuit from which the plan is being submitted in making a recommendation regarding approval.
6. Recommend to this Court, within 120 days of the Committee's receipt of a proposal, whether to accept or reject the proposal.
7. Review any certification filed by the clerk of court or chief judge that the electronic filing system is efficient, reliable, and meets the demands of all parties, which certification request must include a signed statement from the chief judge of the respective circuit and other affected parties as to the feasibility of the system certified. The request for certification must also contain the results of the testing process.
8. Review any request from the clerk of court or chief judge for permission to discontinue follow-up filing of documents in paper form, except as otherwise required by general law, statute, or court

rule; and, if approved, recommend to the Supreme Court that an administrative order be executed to discontinue the follow-up filing.

9. Ensure that all proposed local electronic filing systems must be compatible with any statewide electronic filing portal approved at a future date by the Supreme Court.
10. Review requests for the use of electronic or facsimile signatures by judges, classified as “low complexity,” and submit a recommendation to the Florida Courts Technology Commission for review and final approval.
11. All other recommendations made by the Electronic Filing Committee will be reviewed and approved by the Chair of the Florida Courts Technology Commission, prior to submission to the Supreme Court for final action.

The Committee should work to incorporate the principles of accessibility into all court technology projects, through consideration and application of the requirements of the Americans with Disabilities Act of 1990; sections 262.601 through 262.606, Florida Statutes; and any other applicable state or federal disability laws.

The following individuals are appointed to the Committee for a term to expire on November 30, 2009:

Ms. Jannet Lewis
Court Technology Officer, Tenth Judicial Circuit
Court Administration
255 North Broadway
Bartow, Florida 33830

The Honorable Manuel Menendez, Jr.
Chief Judge, Thirteenth Judicial Circuit
800 E. Twiggs St., Suite 602
Tampa, Florida 33602

Mr. Paul R. Regensdorf
Stearns, Weaver, Miller, Weissler, Alhadeff & Sitterson, P.A.
200 East Law Olas Boulevard
21st Floor, Penthouse A
Ft. Lauderdale, Florida 33301

The Honorable Karen E. Rushing
