Attachment C - Mentorship Requirements

Mentorship shall include observing mediations conducted by certified mediators and conducting mediations under the supervision and observation of certified mediators. The mentorship requirements for those seeking certification shall be performed in a manner consistent with the following requirements. The responsibility of structuring a mentorship rests with each trainee. The trainee shall not receive any fees for any case that the trainee utilizes to complete the required mentorship.

All duly certified mediators are required to allow, upon request, a minimum of two mediation observations or supervised mediations per year. The certified mediator shall not charge the trainee any fees to observe a mediation conducted by the certified mediator. The certified mediator may charge a reasonable fee for supervising a trainee while the trainee conducts mediation. In addition, the certified mediator shall be entitled to any compensation paid for the mediation.

The certified mediator shall remain in control of the case.

For an applicant to be awarded mentorship points the applicant must work with at least two different certified mediators and the mediations involved must be of the type for which certification is sought. A trainee is not required to participate in supervised mediations under the certification point system.

State-funded trial court mediation programs shall assist trainees in completing their mentorship requirements.

Applicants shall provide original signatures of all mentors in relation to all mentorship activity claimed.

A trainee shall not be awarded points for any mentorship requirements completed before beginning the certified mediation training program; however, a trainee may be awarded points for observations completed after commencement but prior to the conclusion of the certified mediation training program. In no case shall an observation that is part of a certified mediation training be used for mentorship points. A supervised mediation shall only be conducted by a trainee after the completion of a certified mediation training program.

Mediation Observations

For each observation required for certification the trainee must observe an entire session of the type of mediation for which certification is sought, conducted by a certified mediator in the same category for which certification is sought. The observation requirement shall not be satisfied by any individual who is a party, participant, or representative in the mediation. An appellate or pre-suit mediation may be utilized for observation purposes if (1) it is or would have been the type of mediation for which certification is sought if it had been filed in a trial court, and (2) it is conducted by a certified mediator of the type for which certification is sought. A federal court mediation

conducted by a certified circuit court mediator may be utilized to fulfill a circuit court mentorship. In addition, pre-suit home owner association (HOA) disputes, within the jurisdiction of the circuit court, mediated by a certified circuit court mediator may be utilized to fulfill a circuit court mentorship. Administrative agency mediations conducted under rules and procedures other than those of the state trial courts may not be utilized to fulfill the mentorship requirements.

Supervised Mediations

A supervised mediation is defined as one in which the trainee either conducts a mediation under the supervision and observation of a certified mediator or the trainee co-mediate with a certified mediator. At the conclusion of the mediation, the mentor shall determine if the trainee made a substantial contribution to the mediation. If so, the case may qualify as a supervised mediation. If not, the case will qualify only as an observation.

For purposes of conducting supervised mediations, mediation is defined as a complete case, which may consist of multiple sessions. The entire mediation shall be co-mediated or observed by a certified mediator of the type for which certification is sought. In the event the trainee is only able to participate in a single session of a multi-session mediation, such participation qualifies only as an observation regardless of the trainee's level of participation. An appellate or pre-suit mediation may be utilized for the requirements to conduct mediations under supervision and observation if (1) it is or would have been the type of mediation for which certification is sought if it had been filed in a trial court, and (2) it is conducted by a certified mediator of the type for which certification is sought. A federal court mediation conducted by a certified circuit court mediator may be utilized to fulfill a circuit court mentorship. In addition, pre-suit HOA disputes, within the jurisdiction of the circuit court, mediated by a certified circuit court mediator may be utilized to fulfill a circuit court mentorship. Administrative agency mediations conducted under rules and procedures other than those of the state trial courts may not be utilized to fulfill the mentorship requirements.

Attachment D

Background Screening Process for Mediator Certification

The Rules for Certified and Court-Appointed Mediators require mediators to have good moral character. All applicants for mediator certification and certified mediators adding additional areas of certification are required to complete a criminal background check conducted by the Florida Department of Law Enforcement. Mediators seeking renewal are not required to complete this requirement. The criminal background check is to be accomplished electronically at the applicant's expense.

- Mediators are required to go to a Livescan Service Provider to be fingerprinted. The list of providers throughout the state is found at http://www.fdle.state.fl.us/Criminal-History-Records/Documents/InternetDoc_ServiceProviders.aspx. Providers charge a variety of prices, applicants may want to contact more than one vendor.
- The mediator should provide the Florida Dispute Resolution Center's (DRC) Originating Agency Identification (ORI) number, **FL737127Z** (The last letter is Z as in Zoo), to the Livescan Service Provider so that the background screening results are sent directly from FDLE to the DRC.
- The Livescan Service Provider must use the Civil Workflow Control System to have the DRC ORI number accepted. The SHIELD system will not accept the DRC ORI number.
- The cost of the background check varies depending on the Livescan provider and can be from approximately \$50 to \$75, which includes the FDLE fee of \$24.
- The DRC will receive the background results from FDLE within three to seven days.
- Mediator certification applications will not be considered complete and processed until the results of the background screening have been received by the DRC.
- Mediators must submit their fingerprints no more than three months prior to the application being submitted for certification. Failure to submit your application within three months of the submission of your fingerprints will cause the mediator to be subject to another background screening at his or her expense.
- If a mediator obtains mediator certification on or after April 1, 2018 and applies for another type of mediator certification within two years, additional background screenings will not be required for the additional certifications.

Attachment E CME Requirements

Continuing Mediator Education

The purpose of continuing mediator education (CME) shall be to enhance the participant's professional competence as a mediator. The requirement of CME and the reporting thereof shall apply to all certified mediators seeking renewal and shall be fulfilled in accordance with the following procedures.

To qualify as Continuing Mediation Education (CME), a course or activity shall have significant, current intellectual or practical content and shall constitute an organized program of learning directly related to the practice of mediation. CME shall be conducted by an individual or group qualified by practical or academic experience. CME shall be based on a 50-minute hour.

Generally

- All mediators must complete 16 hours of CME that shall include a minimum of four hours of mediator ethics, a minimum of two hours of interpersonal violence¹ education, and a minimum of one hour of diversity/cultural awareness education in each two-year renewal cycle, including the two years following initial certification.
- Family and dependency mediators must complete an additional two hours of the required 16 hours in interpersonal violence education each renewal cycle, for a total of four hours.
- Mediators who are certified in more than one area must complete 16 hours of CME applicable to each of their areas of certification. Hours completed may be utilized toward more than one area of certification if the subject matter is relevant to each field of certification. For example, courses on such topics as mediator ethics, interpersonal violence, appellate mediation, and cultural diversity may be credited to all of the areas of certification.

Methods of Obtaining CME Hours

- Continuing education completed for another profession's continuing education requirement may be used as CME if the material bears directly on the mediator's mediation practice and complies with the CME guidelines set forth in this order.
- Live Methods: At a minimum, eight hours of CME must be satisfied by live methods. Live methods include:
 - ✓ attendance at a live lecture or seminar; or

1. Interpersonal violence education includes the following subject matters: domestic violence; stalking; repeat violence; dating violence; child abuse; child neglect; abuse of vulnerable adults; human trafficking; animal cruelty; workplace violence; physical and emotional safety and security; trauma informed responses; suicide prevention, awareness and risk factors; and self-harm (not suicidal).

- ✓ attendance at an audio/video playback of a CME seminar attended by no less than two persons who discuss the materials presented after the conclusion of the playback; or
 - ✓ attendance at an interactive internet presentation that includes audience participation in real time; or
 - ✓ participation as a lecturer, presenter, or panel member in a CME program, or serving as a mentor under rule 10.100, Florida Rules for Certified and Court-Appointed Mediators. Mentorship hours are limited to four hours. Regardless of the area of mentoring offered, the CME hours claimed count in all areas of certification but cannot be applied toward the required ethics, diversity/cultural awareness, or interpersonal violence education CME components; or
 - ✓ attendance at court alternative dispute resolution committee and board meetings for the time spent on mediation topics.
- Non-live Methods: CME may also be satisfied through non-live methods, provided the eight hours of live CME have been satisfied. Non-live CME methods include:
 - ✓ listening to or viewing previously recorded presentations alone; or
 - ✓ attendance at a web-based seminar without real-time audience participation; or
 - ✓ authoring or editing written materials submitted for publication that have significant intellectual or practical content directly related to the practice of mediation; or
 - ✓ successfully completing a self-directed program that is qualified for continuing education credit by a governmental licensing board.

Mediator certification shall not be renewed until all CME requirements are completed.

Reporting Requirements

- Mediators must maintain proof of attendance at CME programs or other appropriate documentation and must report their CME at the end of each two-year renewal cycle on the DRC's renewal form. The mediator shall be responsible for maintaining all records relating to CME, which records shall be subject to audit. In addition, the mediator must certify that he or she has read the current Florida mediation rules; Chapter 44, Florida Statutes; and other relevant statutes.
- Any CME hours completed may be utilized for only one renewal cycle. Hours in excess of the minimum requirement shall not be carried forward to the next renewal cycle.
- Attending and lecturing or teaching at the same CME presentation will not entitle a mediator to additional credit. This prohibition against repeat attendance shall not apply to annual conferences and yearly updates of a previously attended session.
- If all other qualifications for renewal are satisfied and all fees are paid or

waived, but a mediator is deficient in CME credits, the mediator shall be notified in writing and certification shall be continued for 90 days from the notice of noncompliance. During those 90 days, the mediator shall complete all remaining CME requirements to be eligible for renewal.
