Question: Can I complete all of my CME requirements at DRC Conference?

Answer: You can complete most, but not all, of your CME requirements by attending the Annual DRC Conference. Attendees can earn up to 13.6 hours of CME by attending the Pre-Conference Elder Mediation Training and all Conference educational activities. Component areas of mediator ethics, interpersonal violence, and cultural diversity can also be gained; however, they do not increase the threshold of 13.6 CME hours. Methods for completing the additional hours needed are included below.

To maximize your attendance, you should attend:

1. Pre-Conference Elder Mediation Training to earn 4 hours of CME including 1 hour of mediator ethics, 4 hours of cultural diversity and 0.50-hour interpersonal violence (IPV);
2. Conference to earn 9.6 hours of CME including 1.2 hours of mediator ethics and 1.2 hours of IPV; and
3. During the conference, select mediator ethics workshops in 2 tracks and select an IPV workshop in 1 track.

Your total CME, with workshop selections made as described in number three above, will be 13.6 hours of CME including 4.6 hours of mediator ethics, 2.7 hours of interpersonal violence and 4.0 hours in cultural diversity. The remaining 2.4 CME hours (and additional 1.3 hours of IPV for family and dependency mediators) can be completed via Free CME options (attached) or by purchasing recordings of past conferences from Convention Recordings, https://cmerecordings.com/.
